

FINDING YOUR WAY HERE

You will find Quinta one quarter of a mile from mini roundabout at the centre of Weston Rhyn, by turning right on the Bronygarth Road (keep the shop on your right and the Institute on your left). Weston Rhyn is immediately west of the first/last roundabout in England on the Chester-Oswestry link road (A483 / A5). Do not go into Oswestry. Look for the local white signs to Weston Rhyn, Quinta and Bronygarth. Having turned into Bronygarth Road, go past Quinta Church on your right, and then within 50 yards turn left into the Quinta estate – just before the black and white road sign.

PUBLIC TRANSPORT

There are two local stations reached within ten minutes by car. They are on the Shrewsbury to Chester line. Chirk is closest for those travelling from Chester and the North but those from Shrewsbury and the South would get off at Gobowen about three miles away. Saver Return tickets are available all times of day from or to Gobowen. There are coach services to Oswestry five miles away.

WARNINGS!

SATNAV can take you past our front entrance to the back. When passing on our post code [SY10 7LR] verbally be sure to say "S" for Sugar, "F" for Freddie takes you to Blackpool. Yes, it has already happened!

Please tell your guests **which building** they should report to when they arrive. There is little less welcoming and more frustrating than driving 100 miles, unloading your car in the rain and the dark only to find you have gone into the wrong building and should be 100 yards away!
